Dear Peter, Rebecca and Lauren,

I would just like to write a few words regarding my deepest appreciation for your amazing efforts in securing my new home in Mosman.

I had reached out to you on advice from my daughter, whom you assisted to purchase her home a number of years ago, and I cannot speak more highly of you.

From the outset, you took the time to consult me through the best service to suit my needs, and your professionalism and in depth knowledge of the market and strategy put me at ease.

The day of the auction was a whirlwind and a blur and you certainly managed to de-stress a process that was very foreign to me having never bought property in Sydney before. You took control of everything on my behalf, and secured the property for me in what I could see was a difficult negotiation with the owners during the auction. Hand on heart I can say that I couldn't have secured the property without your expertise and guidance.

I am so happy with the result, and can't wait to move into my new home. There is no doubt, like my daughter, that I will be recommending you to friends, and thank you again for all your efforts.

Sincerely,

*Helen Stromqvist*
